

PEOPLES DRUG STORE TO MOVE TO YORK STREET

Charles A. Beales, Carl R. Martz and Attorney Franklin R. Bigham today announced purchase of the Luther I. Sachs property at 28-30 York St. for \$50,000, and also announced plans for the People's Drug Store to move from its present site on Baltimore St. to a portion of the York St. building.

The drug store, after more than 50 years in its present location on Baltimore St., is to move to 28 York St., the western portion of the large store room in the structure bought by Messrs Martz, Beales and Bigham. The drug store is owned by Mrs. C. William Beales and managed by Mr. Martz.

Purchase of the building and removal of the drug store was made in anticipation of expansion plans of the G. C. Murphy Co., which owns the adjoining buildings extending from the present Murphy store to W. Middle St.

New Owners To Incorporate
C. O. Schweizer, manager of Murphy's, said today that he had received no word of contemplated enlargement of the Murphy store but said that the company had been "thinking about" possible expansion over a period of time.

The building purchased by Bigham, Beales and Martz presently contains the Armistead Five and Ten Cent Store on the first floor and four apartments on the second floor. The Armistead Store is moving to a new building four miles east of here along the Lincoln Highway. The vacated store room at 28-30 York St. will be partitioned with the drug store in one portion and probably another store occupying the other portion of the store room.

The 55- by 121 1/2-foot building includes a large storage room behind the 120-foot long store room. The property also includes about one-half of the Farmers Market located to the rear of the Sherman building and the structure at 28-30 York St.

The Messrs Beales, Martz and Bigham plan to incorporate as Gettysburg Realty Company for the ownership of the building.

A Bit Of History About Your Own Adams County

The Gettysburg Times today begins publication of a series of historical talks given over Radio Station WGET by Dr. Robert Fortenbaugh, Adeline Sager professor of history at Gettysburg College, on some of the outstanding events and interesting episodes in the development of Adams County.

After Napoleon Bonaparte had abdicated his throne of France in March, 1814, and it seemed that the war in Europe was over, Great Britain was free at last to give undivided attention to the defeat of the American forces in North America. In the summer of 1814 she sent large numbers of veteran troops to invade the United States at several different points.

MARKET WILL OBSERVE 25TH ANNIVERSARY

Newman's Market, Fairfield, will observe its 25th anniversary with two sales days, Friday and Saturday.

The store was opened in 1927 by Edgar H. Newman, who purchased the property and started a meat market in an 18-foot square room on the front of a dwelling.

There was no modern equipment at that time, and meats were stored in an old-type ice box. When Mr. Newman began business, there were no deliveries of cold meats and luncheon loafs in Fairfield, and he was forced to drive to Emmitsburg and obtain his supplies from a delivery truck there.

Since that time several packing concerns deliver this type of meat to the market.

The store remained a meat market until six years ago, when two of Mr. Newman's sons joined the business as partners, Thomas L. Newman after spending five years in the army and Robert E. Newman, who left Temple University to assist his father.

At this time groceries, vegetables, staples and other merchandise were added to the meat market line and the store became a modern, self-service market, now equipped with modern equipment and electric refrigeration. A new addition, 18 by 36 feet, was built on the front of the building. The modernization is still in progress. The meat department still features home-dressed meat. The market has its own abattoir and does its own butchering.

A younger brother, William R. Newman, who spent the three years in the army, is now employed in the store.

Approve Flashers At Stratton Street

The Western Maryland Railway Company was authorized by the Pennsylvania Public Utility Commission in Harrisburg today to substitute automatic flashing light signals for its present crossing protection at the North Stratton St. grade crossing.

The flasher type crossing signals were proposed several months ago. The first were installed at the Carlisle St. crossing. A train crewman must precede all movements over the crossing under the order.

On August 18 word reached Washington that a British fleet was at the mouth of the Patuxent River, and troops were about to be landed at a point about 40 miles from the capital. General Ross, in command of the British army, soon set his force of 5,000 red-coats marching toward Washington.

General Winder, in command of American forces in that vicinity, watched this advance but did not oppose it. Rather he retreated and, accompanied by the President and his Cabinet, evacuated Washington.

Capital Is Undefended

Meanwhile other American troops, militiamen, had assembled at Bladensburg, but fled before the British attacks. Washington (Continued on Page 12)

COLLEGE BOYS APE OTHERS IN "PANTIE" RAID

The epidemic of "pantie" raids, which have swept from college to college in several sections of the country, finally reached Gettysburg College Wednesday night.

Impelled by motives not usually associated with males of their years or reputed intelligence, a crowd variously estimated at between 200 and 300 "stormed" three of the women's dormitories at the college, ransacked rooms, wrecked furniture, carried away articles of feminine underwear, threw women students in the showers, let the air out of a tire on the police car and raised a general ruction in numerous ways.

A college student who was "in" on the raids said most of the participants were fraternity men, with a sprinkling of independents. It was organized in the afternoon and early evening, and notices were posted in several places.

Call Town Police

About 8:45 o'clock, the men assembled back of Hanson Hall, and started with this residence first. The lingerie legionnaires ransacked rooms, carrying away the unmentionables before moving on to Huber and Stevens Halls.

According to borough police, who were summoned, the latter said, at 10:15 o'clock by Miss Dorothy Gregg Lee, dean of women, who resides in Hanson Hall, Stevens Hall took the brunt of the attacks, and suffered the most damage.

Police said at least four radios were broken in Stevens Hall, several pieces of luggage trampled and damaged, furniture wrecked and undies taken.

Co-eds, according to the college men, made it easy to get into the dormitory. They hung out of windows and cheered, and called the men "chickens," and when they left the windows and locked the front door, they left a window unlocked so that the pranksters found it easy to raise it again, climb in and unlock the door.

Push Coeds In Showers

About 100 men ransacked the rooms, roaming at will for about half an hour. Dean Lee was booted. Police arrived and ordered the men out of Stevens Hall. Someone let most of the air out of a rear tire on the police car, which had been driven to a position between Stevens and Huber Halls.

Then the crowd surged back to Hanson Hall, raiding again. The shouting could be heard over most of Gettysburg. Girls were grabbed and pushed into the showers. Several of them got a good soaking before the demonstration subsided about 11 o'clock.

A greater proportion of the men students took little or no part in the raids beyond standing around and watching. Police today estimated that the damage would run into several hundred dollars.

PRESENT BOOKS TO HIGH GRADS

Gettysburg Post No. 15, Veterans of Foreign Wars, presented Gettysburg High School Wednesday with 116 booklets of "The Story Of The Rights Of Man" to be given to members of the senior class upon their graduation.

The presentation took place in the office of Principal Guile W. Lefever and was made by Past Commanders Arthur J. Roth and John W. Hewitt and Adjutant M. P. Hartzell Jr.

A colored picture of Thomas Jefferson drafting the Declaration of Independence forms the cover. The seven documents responsible for the basic rights of man are shown in the booklet—which states "... these great documents of the human spirit are here presented again, in the hope that the lights of the past may guide the steps of the future."

The Sermon on the Mount, Magna Charta, French Declaration of Rights, Declaration of Independence, American Bill of Rights, Emancipation Proclamation and the Women's Suffrage Act, in pictures and words, tell the story of the Rights of Man.

The committee in charge of obtaining and presenting the booklets was George C. Fissel, Sebastian Hafer and Arthur J. Roth.

CHURCH SYNOD HONORS HANSON AT RETIREMENT

The nearly 800 delegates in attendance at the 15th annual convention of the Central Pennsylvania Synod of the United Lutheran Church Wednesday stood in tribute to Dr. Henry W. A. Hanson, retiring president of Gettysburg College, after he had presented his final annual report on the college to the church body.

Dr. Harry F. Baughman, president of the Gettysburg Lutheran Theological Seminary, also presented an annual report to Synod.

Dr. Harvey D. Hoover, who retired this year as a member of the seminary faculty here, was among eight more delegates-at-large elected by the delegates to the national convention of the United Lutheran Church. Dr. Thomas L. Cline, Philadelphia, formerly of Gettysburg College, was among the eight as was A. R. Nissley, Hanover.

11 Ordained

The Rev. Dr. Dwight F. Putman of Harrisburg, formerly of Gettysburg, Synod president, presided and the Rev. Dr. Grady Davis of the Chicago Theological Seminary delivered the sermon Wednesday night at the ordination of 11 young men to the ministry.

The group included these men who were graduated this month from the Gettysburg seminary: Maynard Smith Barnhart, Spring Grove, going to Spry pastoral charge; Paul Eugene Carl, Hanover, to St. Matthews Church at York; John Fisher, Gettysburg, to St. Matthew's Church, Philadelphia; Charles Edwin Musselman, Altoona; George Edward Nein, Lewistown, to the Petersburg charge; Robert Earl Picking, Chambersburg, to St. Matthew's Church, Bloomsburg; Gerald Hoffman Reidel, Daltown, to the Fayetteville charge; William Maurice Sise, Lewistown, to the Sinking Valley charge, and Donald Yost, Johnstown, to the Lavansville charge.

Vote On Student Issue

The convention was voting today on a proposed 50 per cent cut in grants to ministerial students.

The action was proposed Wednesday but the vote was deferred to today's closing session of the four-day annual convention of the 606-congregational synod. It includes most of Pennsylvania east of Johnstown.

With the proposed cut in grants, the delegates also considered a plan in which each student be given the opportunity of borrowing up to \$300 while in college or \$200 per year in seminary. Upon graduation and acceptance of call, the student would repay the loan on a percentage plan based on salary.

Reports from two important committees, one on stewardship and benevolence and the other on Christian Education, were made last yesterday. The former showed more than \$1,500,000 given by the 606 congregations for synodical and United Lutheran Church purposes. The other cited that the increase in Sunday School enrollment was only one-fourth that of communicant members and urged the training of adequate leadership for Sunday School work and Christian education of youth.

OFFER SUMMER CAMPING FOR CRIPPLED KIDS

Re-election of officers, formal adoption of the report of the program and policies committee and provision of summer camping opportunities for at least two crippled children in the county were principal items of business handled at the May meeting of the directors of the Adams County Crippled Children's Society here Wednesday afternoon.

Dr. Clarence Bartholomew was elected president for another term and these other officers were continued for another year: Vice president, J. D. Miller, Biglerville banker; secretary, Mrs. Henry T. Bream; treasurer, C. A. Willis, and assistant treasurer, Miss Elizabeth Evans.

The Program and Policy Committee report, submitted by its chairman, Mrs. Elizabeth Pennington, put in writing the present activities and guiding principles followed by the society and set up as a goal the establishment of a clinic or treatment center in the county for children with speech defects. That type of handicap was found by a committee survey to form the "greatest unmet need" among handicapped children in the county.

Hope For Two Campers

Miss Mildred Eden, state nurse and a director of the society, told the board the society has a quota of two children for Camp Daddy Allen, summer crippled children's camp operated by the state crippled children's society. She said one child may be found who will attend with the society paying the cost of \$160 for an eight-week period.

Dr. Bartholomew announced the opening of a third state camp this summer. It will be near Highspire, will handle 25 children and serve a younger age group than Daddy Allen (Please Turn to Page 7)

Veterans of all wars back to the Revolution are buried in the cemetery.

Taps will be sounded to conclude the services at the graves.

The group will then move to a small rostrum in the cemetery where the Rev. Robert Schiebel, Arentsville, will act as master of ceremonies for services which will include the reading of Lincoln's Gettysburg Address by John Lady, of Biglerville; invocation by the Rev. Admiral Joy Charges Reds With Using Peace Talks As Stall To "Repair Your Shattered Forces"

SEOUL, Korea (AP)—U. S. Fifth Air Force fighter-bombers, in an all-out, hour-by-hour attack, today smashed a huge Communist supply area between the North Korean capital of Pyongyang and its port, Chinnampo.

The attack began at dawn and continued throughout the day. The Air Force described the target area as a huge war material manufacturing and supply area.

Pilots reported 117 buildings destroyed and 80 heavily damaged. Fighter pilots from the 1st Marine Aircraft Wing and the Royal Australian Air Force 77th Squadron took part in the big attack.

On the ground, U. S. Patton tank guns shot up Red fortifications along a 20-mile sector of the Central Front yesterday.

Blast 250 Bunkers

A U. S. Eighth Army staff officer said the tanks blasted 250 Red bunkers and inflicted 354 casualties. Tanks of the U. S. 40th Division (California National Guard) spearheaded the assault.

The staff officer said one Allied tank was lost. Elsewhere on the 155-mile front, Allied and Communist patrols clashed in fights lasting as long as three hours.

"Nobody Can Take Away My Powers," Truman Says

WASHINGTON (AP)—President Truman said today he has the power to seize private industries in an emergency and nobody can take it away from him.

And, when asked if neither the Congress nor courts could take it away, Truman repeated that nobody can.

However, Truman added at a news conference that he will abide by the decision of the Supreme Court in the matter of his seizure of the steel industry.

Reporters questioned him at length in an effort to clear up what some of them called the apparent conflict between these two statements. The President said he saw no conflict.

He had this to say of his seizure power. Nobody can take it away from the President because it is part of his inherent powers.

In the case of the steel industry, which Truman seized under his claimed inherent powers, a U. S. district judge has ruled that he acted without authority under the law or the constitution. The issue is now before the Supreme Court. The seizure questions arose after Truman said he was very happy that the three-year old railroad dispute was finally settled. He added it could have been settled on the present terms in 1950.

Members of the camp and auxiliary will assemble at the Veterans of Foreign Wars post home, Carlisle St., at 10:30 o'clock for services to follow.

Do You Like Babies? Stroll Around Lincoln Square Some Warm Day, See The Champs

In Paris it's the Bois de Boulogne ... in London it's Kensington Gardens ... in New York it's Central Park ... but, in Gettysburg, it's the smart thing for babies to be seen in Lincoln Square. Any baby who is anybody will make it a point to put in an appearance as soon as possible, on almost any warm afternoon. This fashionable meeting-place of the small fry takes on the appearance of a spring garden dotted everywhere with little boys looking like tulips in red and yellow suits and berets ... small girls resembling violets and primroses in their pastel-tinted capes and bonnets. Even mothers and baby-sitters, patiently pushing perambulators, add their touch of color to the outdoor nursery.

MUNSAN, Korea (AP)—Vice Adm. C. Turner Joy in his final statement as chief Allied truce delegate today rebuked the Reds for using the Korean armistice talks as a "stall to repair your shattered forces."

"There is nothing left to negotiate—the decision is in your hands," the admiral declared.

Joy, upon completing his prepared statement, strode from the Panmunjom conference tent. His action threw the Communist delegation into a flurry.

But Maj. Gen. William K. Harrison Jr., Joy's relief, moved over into the U. N. chief delegate's seat and suggested a recess until tomorrow. The Reds demanded an almost unprecedented afternoon session.

Feeble Red Reply

It lasted 29 minutes. Harrison said North Korean Gen. Nam Il used it in a feeble attempt to reply to Joy in what Harrison called "plain drivel."

Another session was set for 11 a.m. Friday (9 p.m. EST, Thursday). Joy said in his stinging farewell the Allies have made their last concession on the repatriation of prisoners of war issue—last roadblock to a Korean truce.

The Allies won't back down, he said, from their refusal to return prisoners of war who do not want to go back to Communist rule.

"Your side must completely abandon your absurd proposition to retain our captured personnel," Nam Il said in a 15-minute opening blast at the Allies.

He repeated his daily attacks on U. N. handling of war prisoners.

Joy was the last member of the original five-member Allied team that began truce talks July 10. He is leaving to become commandant of the U. S. Naval Academy at Annapolis.

He ended his farewell with these words:

Nothing To Negotiate

"After 10 months and 12 days I feel that there is nothing more for me to do. There is nothing left to negotiate. I now turn over the unenviable job of further dealings with you to Maj. Gen. William K. Harrison, who succeeds me as senior delegate of the United Nations Command delegation, May God be with him."

In Tokyo, U. N. officers were eyeing suspiciously a buildup of Soviet strength in Asia in fear Russia might jump into the Korean War.

There is nothing to indicate right now that the Soviets are planning any more than to keep Chinese and North Korean soldiers well supplied with arms, ammunition and vehicles.

But the belief is that if the Russians ever decide to touch off World War III, Korea is just as likely a spot as Europe.</

She urged other organizations to provide "a chance to further his or her education" for deserving children. She also outlined work of the Women of the Moose in supporting Mooseheart and assisting in Girl Scout, Red Cross and similar work.

Yoshio Shirai poses here wearing the Japanese flyweight title belt but he has a better one now. He beat Dado Marino in Tokyo, May 19, for the championship of the world at that weight. His manager is Dr. Alvin Cahn of Chicago, a botanist with the U. S. Army in Japan who wrote the NBA that he started managing the boy as an "experiment." Cahn wrote that Shirai's family was destitute after the bombing of Tokyo and that Shirai was fighting seven to eight times a week to support nine of them. The NBA rated Shirai a contender and the title fight resulted.

CHICAGO (AP) — Johnny Adams, the hottest jockey in the nation of the moment, cooled off a little yesterday but still rode two winners to number 14 in four days at Hawthorne.

The Little Iola, Kas., rider entered yesterday's program with 12 winners out of 14 races in three days, a streak that included five victories in a row last Saturday, two on Monday and five straight Tuesday.

DETROIT (AP) — Chuck Davey, the slick boxing product from Michigan State College, has been signed for a rematch with Chico Vejar.

The bout will be staged June 11 at Olympia Stadium here in Davey's hometown.

Davey, undefeated in his pro career, scored a decisive 10-round decision over Vejar, the Stamford, Conn., welterweight, in Chicago May 7.

PHILADELPHIA (AP) — Football fans again will be able to see telecasts this fall of away-from-home games of the Philadelphia Eagles and Pittsburgh Steelers of the National Football League.

Local games will not be televised to home audiences, however. Away games of the Eagles will be carried on Stations WFIL-TV, Philadelphia; and WGAL-TV, Lancaster. Away games of the Steelers will be telecast by Stations WDTV, Pittsburgh, and WJAS-TV, Johnstown.

PHILADELPHIA (AP) — Manager Billy Meyer of the Pittsburgh Pirates laughs off published reports he is thinking of quitting.

The Philadelphia Evening Bulletin quoted Meyer as saying he is having stomach trouble and added: "The way we're losing now I don't feel that I can take it indefinitely."

The Pirates dropped their 27th contest against only five wins last night to the Philadelphia Phillies 7-3, with Robin Roberts chalking up his seventh straight victory.

Four Buc errors contributed to the defeat.

Shortly before the Pirates took to the field, Meyer frankly admitted he had talked with a Philadelphia newspaperman and added: "I kidded, as I do with them all about quitting, but have never been serious. We talked about the ball club and my ulcers. I was surprised later to read I was giving up."

NECCIAI LEAVING Appalachian Loop

BRISTOL, Va.-Tenn. (AP) — The Bristol chapter of the fabulous "Necciai strikeout story" has ended.

For an overflow crowd which gathered to pay him homage, Rocket Ron Necciai put a blazing climax last night to his brief career in the Class D Appalachian League.

He struck out 24 Kingsport, Tenn., batters and pitched a two-hit, 7-1 victory for the Bristol Twins. Only eight nights earlier he set a record for organized baseball by striking out 27 in a nine-inning, no-hit victory over Welch, W. Va.

The six-five, 19-year-old Pittsburgh Private farmhand from Monongahela, Pa., ran his strikeout total to 109 in 42 2-3 innings.

Necciai is expected to fly Saturday to Pittsburgh for a medical checkup and to be assigned to another Pirate club.

Swope's Atlantic and the Texas Lunch gained triumphs in Community Softball League games Wednesday evening.

The Swope aggregation edged the VFW 5-2 in the best played game of the infant season which required but one hour and five minutes. All scoring was in the first frame. Clarence Dorn, VFW hurler, relieved Meschnier in the second and pitched no-hit no-run ball the remainder of the game. Bob Pizolato, Swope's twirler, had a no-hitter until two were out and two strikes on Kebil in the seventh and then the batters laid a clean single to left.

Fleeting misuses were fatal to the Lentz Legion in the nightcap as it bowed 14-11 to the Texas Lunch. The victory marked the second straight for the lunchmen. Hensley homered for the legionnaires.

Amelia Earhart Is First Woman to Fly Atlantic Ocean Alone: Culmore, Ireland, May 21 (AP)—Amelia Earhart Putnam brought down her red and gold monoplane in a field near here this afternoon and became the first woman ever to fly the Atlantic alone.

She landed on this side of the Atlantic five years to the day after Colonel Charles A. Lindbergh arrived in Paris successfully completing his first solo flight across the Atlantic by a man.

"I've done it," Mrs. Putnam exclaimed when she got out of her ship.

Mrs. Putnam, who took off from Harbor Grace, N. F., at 4:51 p.m. Friday, got a lift by motor to Londonderry, 5 miles away, where the first thing she did was to get on the telephone to report her success to London in order that her husband, George Palmer Putnam, New York publisher, and her friends back home might know that she was safe.

Big Crowd At May Day Fete: Approximately 1,800 people, including some 1,200 students of the Gettysburg public schools, gathered on the playground Friday afternoon for the annual May Day fete sponsored by the physical education department of the high school.

Today's Talk

By GEORGE MATTHEW ADAMS

FOR LOVE OF BIRDS AND ANIMALS

One of the most thrilling experiences at Springtime is the return of birds and the awakening of many of our small animals, especially those beautiful grey and black squirrels who have been fed from my hand all through the cold winter months. Destructive as these interesting animals are, I like to have them around, call them to me, and give them in turn a nut that I have preserved in some pocket for their enjoyment.

There was recently published a book on "The Animal World of Albert Schweitzer." This great man who gave up his European home and comfort, as well as an established fame in music, theology, and medicine, to administer to the ignorant and unfortunate in the jungle of Africa, never lost his love of birds and animals. He was an Alsatian pastor's son, and in the religious devotion in his home he was taught only to pray for human beings. So, after his mother had blessed him for the night, he offered up the following prayer: "O heavenly Father, protect and bless all things that have breath; guard them from all evil, and let them sleep in peace."

Every child should be admonished never to hurt a bird or animal. Both birds and animals seek their friends. If you love a bird or animal it is not difficult to get its confidence. Even though we humans are looked upon as their enemies, I have seen birds light upon the back of a cow, or other animal, without any fear at all, but only love can bring them to man.

The beautiful notes of song from the throats of mocking birds in the Southland echo in my memory. They were always so friendly, so happy. I loved to hear them converse with each other hidden in a hedge. And there is no orchestra so wonderful as the one composed of birds bursting their joy at sunrise. And then in the evening, just before dusk. Feed and love these birds and they will return a kind of happiness that was never offered for sale at any price in any market! Only appreciation can buy it!

Tomorrow Mr. Adams will talk on the subject: "No Substitute For Work."

RAILROADS OF NATION REACH LABOR ACCORD

WASHINGTON (AP)—Union-management peace, the first in more than three years, came to the nation's railroads today and the government was ready to give up its 21-month operation of the roads.

Three rail unions, with a combined membership of 150,000 signed a "memorandum of agreement" with the carriers late last night in the White House.

The agreement, unlike one signed by the same three union chiefs in December, 1950, is binding on the rank-and-file. The 1950 agreement was repudiated by a vote of the memberships.

To Return Roads

Actual return of the roads to their private owners will come as soon as the unions and the railroads sign a contract.

That might take a week or more, even though the job is almost purely mechanical.

The agreement, worked out between the carriers and the brotherhoods of engineers, firemen and conductors after intensive mediation efforts by Presidential Assistant John R. Steelman, does these things:

What Agreement Does

1. Raises wages 37 cents an hour for men in the yards and 22½ cents for over-the-road employees.

2. Ties wages to the cost of living.

3. Lays the foundation for yardmen to switch from a 48-hour week to a 40-hour week.

4. Gives the unions the right to reject carrier requests to run the same train crew through a divisional terminal point if the two parties can't negotiate their disagreements.

The long dispute dates to March, 1949, when the conductors first made their wage and working rules demands on the roads. Since then one or more of the unions—and a fourth big operating union, the trainmen—have gone on strike at least three times, all for short duration.

The trainmen settled their dispute a year ago.

GIVE TESTIMONY IN WILL BATTLE

GREENSBURG, Pa. (AP)—An attorney says the late Sam H. Miller, millionaire Greensburg junk dealer whose will is being contested, handled a \$30,000 property transaction expertly shortly after making his will.

Miller's sister, a niece and three nephews want his will set aside. They claim Mrs. Friedlander Kuhns, Miller's sister-in-law, exerted an undue influence over him after his wife died and contend he was not mentally competent. The 1948 will left \$5,000 each to three relatives in Palestine and the remainder to seven brothers and sisters of his wife. Miller died last February.

Robert Mitinger, Greensburg attorney, said on Tuesday Miller's business ability was very keen when he directed the property deal. Other attorneys substantiated the testimony in Westmoreland County Orphans Court.

Monster Press Is Unveiled By ALCOA

CLEVELAND (AP)—The Aluminum Co. of America has unveiled a 15,000-ton forge press capable of squeezing metal into complete structural sections of airplanes. Valued at \$6,200,000, the huge machine was built in Germany for war production and was brought to this country after the war ended. ALCOA is leasing it from the Air Force.

The monster, housed in a specially-constructed five-story building, can turn out in several strokes plane parts that normally would require hours or even days of work.

ALCOA spent more than 3 million dollars just to house the press and provide furnaces and other equipment to operate it. Two years were required to put it back together after it arrived here.

Government officials confiscated the press and another of similar size immediately after the war ended. The Russians snagged a third, a 35,000-ton machine.

At the time, the 15,000-ton types were three times as large as any in operation in this country. Since then, however, others much larger have been built.

Wants Substitute For "Birthdays"

PHILADELPHIA (AP)—The director of a state legislative committee on problems of the aging today urged industry to search for a scientific substitute for birthday as a criterion for retirement.

Albert J. Abrams of the New York State Joint Legislative Committee on Problems of the Aging declared American industry is in for a workers' "rebellion against retirement."

At a joint conference on "the problem of making a living while growing old," Abrams called for an immediate increase in the compulsory retirement age from 65 to 68.

"Our country," he said, "is losing about four billion dollars a year in production by forcing out of the labor market workers whose sole crime is their numerous birthdays."

MISINFORMED, SAYS MARSHAL

Replying today to a criticism of alleged "erroneous reports" attributed to him by the Adams County commissioners regarding the status of a proposal that the county match federal funds for the installation of the county-wide short wave radio setup for civil defense, John Murren, Centennial county fire marshal and a past president of the County Fire Chiefs' Association, said he had "been misinformed" when he made the statements.

They were made, Mr. Murren said, at the May meeting of the chiefs' association in Centennial. He was quoted as saying that "thus far the commissioners have taken no action." Mr. Murren said today he has since been informed that the commissioners are awaiting a reply from the State Council of Civil Defense on a legal matter before proceeding further. He said he did not know at the time of the chiefs' meeting of this fact.

SENATE FIGHT BREWING OVER REVAMPING WSB

WASHINGTON (AP)—A Senate fight brewed today over a committee-approved bill to revamp the Wage Stabilization Board.

Despite an AFL boycott threat and CIO criticism of the plan, the Senate Banking Committee formally recommended yesterday that Congress scrap the present board and replace it with an all-public panel.

The new board would be stripped of authority to recommend settlement of union-management disputes—as the existing wage board did in the steel case.

To Get Action Soon

Organized labor, industry and the public are equally represented on the present 18-member board.

Some members of the committee announced plans to ask the Senate either to preserve the present board or modify it less drastically. Supporters said they would fight any effort to change the proposed new formula.

The committee bill approved is scheduled to come up for Senate action soon. The measure keeps intact earlier recommendations by the committee that:

1. Wage-price controls be continued until March 1.

2. Rent controls and authority to allocate scarce essential materials be extended through June 30, 1953.

The present law on those emergency controls expires June 30. The Senate committee also voted to revise the controversial Capehart provision of the existing law in a move to avert retail price increases for food and other commodities.

The Capehart provision requires the government, in fixing price ceilings, to take into account virtually all cost increases incurred by sellers between the start of the Korean War and last July 26.

The Senate committee voted to make the Capehart provision apply only to manufacturers' ceilings.

speaker.

Several selections will be given by the Gospel Instrumental Trio of Taneytown, composed of Miss Mary Shriver, accordion; Charles Conover, trumpet; and Robert Fuss, trombone.

The Youth Choir of the Taneytown EUB Church will sing. The public is invited to attend both services.

Selecting Nation's Best Speller Today

WASHINGTON (AP) — Fifty-one youngsters, each a regional champion, start spelling each other down today in the 25th annual National Spelling Bee.

Five hours, 800 polysyllabic words and possibly a few tears later, the national champion is expected to emerge. To do so, he or she will have to spell words that few youngsters — and not many adults — ever heard of.

Last year's champion, Irving Belz of Memphis, offers a good example of what these youngsters can do.

He breezed through "cuisine" and "insouciant"—words not normally in a grade school vocabulary—to claim the title.

SAYS SPIRITUAL SICKNESS IN U. S. IS "LIKE A FOG"

NEW YORK (AP)—A "sad, secular sickness" blankets much of American life, the moderator of the Presbyterian Church in the U. S. A. said today.

The Rev. Harrison Ray Anderson, of Chicago, told the opening of the church's 164th annual General Assembly that the spiritual sickness—"like a fog"—shrouds education and entertainment and other fields.

"A moral decay creeps its slow but sure way through America from the little white house on the village street to the White House in another town," he said in a prepared address.

"Church On March"
Despite the signs on the "devil's side," he told Presbyterian delegates from throughout the country, "The church is on the march and is winning through."

He added, all is not "on the side of the angels."
"Every other man in America is outside Christ's church . . . Liquor, sexual immorality and suicide have their devotees. "Money that belongs to God is misappropriated by multitudes of Christians who are shocked by these practices in Washington but see nothing wrong whatsoever in taking God's title for personal or family uses. . . ."

THREE NABBED IN BIG HOLDUP

BOSTON (AP)—Two former civilian employees of the Quonset Point, R. I., Naval Air Station were arrested by the FBI last night in connection with a bold \$100,000 armed holdup of a credit union there last March 7.

A New York night club singer was taken into custody as a material witness.
The FBI reported one of the men was carrying bills identified as part of the loot but didn't say how much of the money was recovered.

The FBI identified the trio as: Howard Hildebrandt, 25, who worked at Quonset for two months during World War II;

Robert Roger La Plante, 27, a helper and airplane mechanic who went to work at Quonset Feb. 10, 1947;

Gloria H. Fazzina, 30, Jersey City N. J., known professionally as Gloria Dale.

LONDON (AP)—Seven masked men ambushed a British postal truck and made off Wednesday with loot estimated in press reports at up to 100,000 pounds (\$280,000).

ADENAUER AND ALLIES AGREE ON FINANCES

BONN, Germany (AP)—Chancellor Konrad Adenauer and the Western Allies solved their major financial dispute holding up the West German peace contract early today and made preparations for a week-end visit from the Big Three foreign ministers.

In a 13-hour session ending shortly after midnight, Adenauer and Western representatives agreed in principle on what Allied troops in Germany would get from the 850 million marks (\$202,300,000) a month the Germans have agreed to raise for defense.

The foreign ministers—U. S. Secretary of State Dean Acheson, British Foreign Secretary Anthony Eden and French Foreign Minister Robert Schuman—are expected here Saturday for final settlement of two remaining points in the contract and signing of the treaty on Monday.

Negotiations Snagged
The pact will give West Germany near sovereignty, ending the seven-year occupation, and will ally the Adenauer government politically and militarily with the West. Once signed, it must be ratified by the U. S. Senate and the parliaments of Britain, France and West Germany.

In Paris, negotiations for the companion treaty to set up a six-nation West European army snagged over the number of years that pact should run and over interim regulations to govern French forces in Germany.

The negotiators hoped to iron these out over the week end in Strasbourg, where the six foreign ministers—of France, Belgium, The Netherlands, Italy, Luxembourg and West Germany—are due for a session of the Council of Europe.

Negotiators said they hoped to have the European army treaty ready for signing "Monday or sometime next week."

In announcing agreement on the financial question, officials declined to say exactly how the German defense fund would be divided.

The Secretary of State is the only cabinet member who does not have to make an annual report to the President.

Perryopolis Fight Looms In Court

UNIONTOWN, Pa. (P)—The poor-little-rich-town of Perryopolis—which inherited \$1,250,000—sent a team of planning engineers into its fight to become a borough Wednesday.

About 435 residents have signed a petition demanding incorporation, claiming they can better administer the money under borough government. The Fayette County Court opened a hearing on the plea.

The little town inherited the money from Mrs. Mary Fuller Frazier whose family pioneered the development of the coal and coke in the region.

Opposition to the plan came from residents of Perry Township, which includes Perryopolis. They claim they would be left penniless by the incorporation. A group of eight farmers whose holdings total 100 acres also oppose the plan.

TRUMAN TAKES NEW JAB AT AMA AFTER DEFEAT

WASHINGTON (P)—President Truman, in another speech lambasting Congress, said last night a lot of lawmakers jump when the American Medical Association cracks the whip.

He told an audience of 1,200 volunteer Veterans Administration hospital workers:

"And there are a lot of others

who roll over and pray dead when anybody yells socialism. After all, this is an election year."

The remarks were beamed at House rejection Monday of a bill to increase payments under old age and survivors insurance.

Laughs At Congress

The measure, at first apparently unopposed, was defeated after the American Medical Association attacked it as containing "socialized medicine" features.

Truman said he spoke as a veteran and for the welfare of all the people, adding:

"And I am not going to run for President any more because I want to get out and say some things and do some things that I can't

Truman talked at length about what he called the "laughably sharp turning and twisting" of members of Congress who want to reduce the administration budget for the fiscal year starting July 1.

As examples, he cited congressional action involving the V. A. hospital construction program, the Postoffice deficit and veterans medical services as well as the social security bill.

SOME ARRESTS IN NEW RASH OF "PANTY" RAIDS

By The Associated Press
The collegiate panty raiders hit again in many sections of the nation Tuesday night but coeds and police stymied most of their efforts to fetch lacy souvenirs.

There were some arrests and a few reports of damage.

In general, however, the undemocratic raiders seemed somewhat less boisterous than the thousands of youths from nearly a dozen schools that joined in the latest college craze Monday night.

At the University of Pennsylvania Tuesday night 200 policemen and four fire engine companies prevented men students from raiding two women's dormitories and a nurses' home. An estimated 1,800 to 2,000 youths were in the crowd. Twenty-two rebellious students were taken to the police station and later released with warnings.

Cool Them Off
Coeds cooled off University of Kansas raiders with buckets of water tossed from upper windows. Several hundred men sought to enter two dormitories but only a few got in.

Twelve University of Tennessee students were arrested during a wild demonstration. Carloads of students toured the campus area shooting out street lights but no

To Use Helicopters Between Plants

PITTSBURGH (AP)—Rockwell Manufacturing Co. executives said Wednesday they hope to solve the problem of reaching their plants in Pennsylvania and Ohio quickly by buying a helicopter.

Willard F. Rockwell, president, said a helicopter has been promised for delivery in September. The company has plants in Pittsburgh and DuBois, Pa., and at Norwalk, Berberon, Columbus, Bellefonte and Leetonia, Ohio. Rockwell said the helicopter can reach the DuBois plant quicker than he can drive to the Pittsburgh airport.

attempt was made to repeat the panty forays of the previous night.

Police halted a potential raid at Auburn (Alabama Polytechnic Institute) when several hundred students gathered.

Students at Washington State College reported some success in their forays at Pullman, Wash. About 250 invaded five housing units and picked up undies in four. Coeds drenched some with water and two raiders were arrested.

At Columbia, Mo., site of the University of Missouri, the entire police force, armed with night sticks and tear gas, patrolled the streets but no unusual incidents were reported. The local National Guard unit also stood by.

Other demonstrations Tuesday night occurred at Kansas State College, Temple, West Virginia University, Rensselaer Polytechnic Institute and the Universities of Arizona, Georgia and Alabama.

SEVEN PASTORS ARE HONORED BY METHODISTS

HARRISBURG (AP)—Seven pastors who died during the past year were honored Wednesday by the Central Pennsylvania Conference of the Methodist Church.

A special memorial service was held for the deceased ministers, opening of the conference's 84th annual session.

The Rev. Raymond L. Morris, pastor of the Selingsgrove Methodist Church, told the conference in the memorial address that the late pastors "live on in the lives of their spiritual children."

The seven deceased pastors were: The Rev. J. Howard Ake, Berwick; Joseph E. Brennenman, Mifflinburg; Albert V. Brown, Carlisle; Roy V. Clemence, Bedford; Rowland R. Lehman, New Cumberland; J. Beale Meloy, Lewistown, and H. G. Swope, Harrisburg.

Some 600 pastors and lay delegates are registered for the five-day conference which closes Sunday with announcement of pulpit changes.

A record group of 26 young ministers is scheduled for admission to the conference with the Rev. Nevin G. McCloskey, pastor of the Camp Hill Methodist Church, in charge of admissions.

Bishop Charles W. Flint, presiding bishop of the Washington area,

Further Study On Food Grant Plans

HARRISBURG (AP)—The State Public Assistance board has decided to study further the proposal to boost food grants to 230,000 Pennsylvanians on relief before making a decision.

Mrs. Eleanor G. Evans, state public assistance secretary, said the board did not act Tuesday on her proposal to increase food grants up to eight per cent.

She said the plan submitted to the board included a revision of the present age groups on which relief grants are based as well as making fuel grants on a flat rate basis.

Persons on relief were last granted food allowance increases in 1950 when all grants were boosted a flat \$1.

Huge Bond Issue Is Planned In France

PARIS (AP)—France's Parliament pushed through a bill last night to float a two-billion-dollar bond issue designed to smoke out vast quantities of hoarded gold and help push back inflation.

Premier Antoine Pinay staked his government's life on the bill, which he considers a necessary part of his "save the franc" program. The measure, which cleared both houses in one evening, will tie the value of the bonds to the free market price of gold.

A Bit Of History About Your Own Adams County

(Continued from Page 1)

was then entirely undefended, and the British marched in and set fire to the Capitol, the White House and other public buildings. It was a dark day for the fortunes

of the United States.

The British troops were then marched back to their ships, and set sail for Baltimore. If Baltimore should fall like Washington, Britain's control over the whole

central part of the country would be complete.

The British decided to invade the city by landing troops on North Point, while the fleet proceeded up the Patuxent River and shelled Fort Mifflin and the city surrounding it. The British failed in both their purposes and the central part of the country was saved.

On the morning of September 14, after the bombardment had ended, a young lawyer from Frederick Md., who had been aboard a British ship throughout the action, saw that the "flag was still there" and was inspired to write "The Star Spangled Banner." We have a special interest in the lawyer, Francis Scott Key, because on August 25, 1802, he had been admitted to practice law at the Adams County Bar, although he continued to live and practice in Frederick.

During the trying days of the summer of 1814, when the threatening British forces were known to be on their way to deliver a thorough defeat to the new nation, preparations began to be made to lead the people of the United States to take the war more seriously than they had been taking it up to this time.

It had been going on since June of 1812 and is for that reason called the "War of 1812." It was to be a test of whether or not the United States could maintain its independence, and develop as a free nation, with new ideals. As a partial contribution to this more serious effort, Governor Snyder, on July 4, 1814, made full appointments in the reorganized militia of the Commonwealth of Pennsylvania. He appointed William Gilliland of this county a major-general of the 4th division, Jacob Eyster a brigadier-general in the same division and George Welsh a brigade inspector.

Calls For Help
When General Winder, who was responsible for the defense of Washington heard on August 18

of the approach of the British forces, he wrote Governor Snyder as follows:

"In consequence of the arrival of large reinforcements to the enemy at the mouth of the Potomac, I am authorized and directed by the President to require of you, immediately, the whole number of the militia of Pennsylvania designed for this district, to wit, 5,000 men."

While it is not likely that Governor Snyder supplied 5,000 men, it is known that when Baltimore was threatened a number of companies of volunteers were made immediately ready to march to the city, prepared to help in its defense if necessary. Not all the companies made ready reached Baltimore in time to take part in the actual engagement on September 12.

Among the companies who thus took part was one from Adams County. This company mustered 105 men. It was under the command of Captain Alexander Cobean, who was later promoted to the regimental command and the command of the company fell to Captain William M. Meredith. The first lieutenant was George Smyser; the second lieutenant was Matthew Dobbin, the ensign was William W. Bell. These names are well remembered in Adams County as are many of the other 100 names making up the roll of the non-commissioned officers and men in the ranks.

A few examples will make this clear, when the names Gilliland, Agnew, Gilbert, Baugher, Kerr, McClellan, Shorb, Stallsmith, Troxell and Tate are mentioned. J. Howard Wert, writing in 1905, and having recollections extending over 50 years, said: "It will be noticed that whilst there are many names of those whose descendants still live in Adams County, there are other that are entirely unrepresented in our present population."

Of the heroes here given I can locate about a dozen that I remember having seen in my early boyhood. I recognize at least 32 names that subsequently became quite prominent in the political and business life of the infant county borough and county officials, merchants, editors, lawyers and in other ways."

Sought Bounty Lands

In December, 1850, the first lieutenant, George Smyser, had published in the Compiler a letter in which he called attention to the provisions of a late act of Congress giving county lands to the soldiers of the War of 1812 which he said embraced the members of the volunteer company that marched from Gettysburg to the defense of Baltimore in the fall of 1814, under the command of Captain Cobean (afterwards under Captain Meredith.)

He says that this letter was for the purpose of giving notice of this provision to the surviving members of the company or the heirs of the deceased members. He explained that the list appended, containing the names of 105 members of the company, was taken from a paper subscribed (with a few exceptions) by the members of the company or their march home from Baltimore, authorizing Captain Meredith to draw their pay.

Kept Paper 36 Years

Some few of the members were not with the company when the paper was signed, having remained in Baltimore. Such names he himself has supplied from memory. He says the paper was not used because the company was paid off in Gettysburg shortly after its return. He had kept the paper, however, in his possession after 36 years.

A notice in the Compiler in late September of 1814 confirms his statement that the company was paid off shortly after at its re-

turn. In fact, the notice called upon the company to present itself on October 2, 1814, for that purpose.

In some parts of the country the War of 1812 was not popular, and little was done to assist in the war effort. That was not true generally in Pennsylvania, and especially not so in Adams County. For in September, 1814, while the British were threatening to the southward, the people of Adams County began to feel the critical nature of the situation. A long address to the public was prepared and issued, urging all to take a serious view of the crisis, and calling upon all patriots to convene in Gettysburg on October 3, 1814, "to consider what further steps to take to relieve our distressed country and the sufferings of the people."

"Diplomatic Victory"

Undoubtedly the successful repulse of the British at Baltimore reassured those who led in this movement, but more importantly, the ending of the war with the Treaty of Peace in December, 1814, made unnecessary further concern. If the United States did not win a military victory in the War of 1812, at least it achieved a diplomatic victory, and the result was that both our political and our economic independence was guaranteed henceforth.

But there is another story of an Adams County company which went out to do battle with the British. This company was com-

manded by Captain Samuel White, who led his contingent through the woods of Pennsylvania across Lake Erie to Canada and engaged in the taking of Fort Erie and the Battle of Chippewa.

SPUD SHORTAGE SPURS DEBATE IN WASHINGTON

WASHINGTON (P) — This year's potato shortage seems to be providing just about as heated a debate on the federal farm programs as did the government project of killing little pigs to raise pork prices in the early 1930s.

Officials say there's considerable criticism of ceilings on potato prices and a lack of price supports.

The pig-killing program sponsored by Henry A. Wallace, then the agriculture secretary, was designed to boost hog prices by reducing pork supplies.

Production Cut
The current potato shortage developed largely because farmers cut production 20 per cent last year. Most of this reduction came in the late potato crop—that portion which goes into storage for use during the winter, spring and early summer.

Farmers reduced their output after Congress directed the Agriculture Department to withdraw price supports. Congress did away with supports because they had cost the government more than 600 million dollars over a 10-year period.

When it became apparent that stocks might not be large enough prices started moving upward. The Office of Price Stabilization stepped in with ceilings. But until corrected, inequities in ceilings as applied market by market served to divert supplies to some markets and away from others.

Black Markets
The shortage has been aggravated by black markets which have given some consumers more than their share.

Price Stabilizer Ellis Arnall urged Tuesday that the public fight against black marketing by refusing to pay more than ceiling prices.

Arnall predicted in a statement that the shortage would be relieved in the next four to six weeks by movement of new potatoes to market.

But the shortage is not likely to be fully overcome until the intermediate crop is harvested.

East Berlin

EAST BERLIN — Paula, four-year-old daughter of Mr. and Mrs. Paul Lerew Jr., is able to be about after treatment during the past week for a fracture of her left arm.

William E. Krout, R. 3, spent a day during the past week in Baltimore with a party of Abbotstown men.

The infant son of John S. and Norma Fulton Barton, R. 3, has been named Richard Allen. The family will reside for the summer with his parents, Mr. and Mrs. John Z. Barton, "Paradise Orchards," east of town.

Mrs. George L. Shetter has returned from the Church Home and Infirmary, Baltimore, where she went during the past week for tests to determine the cause of a condition which she has suffered for some weeks. Mrs. Shetter is able to be about but is expected to return shortly to the hospital for further treatment based upon the findings.

Mrs. Charles Reeser, Steelton, was here over the week end to visit her parents, Mr. and Mrs. J. Paul March. She also visited her grandmother, Mrs. Harry J. March, who has been in a critical condition after an operation several weeks ago. Mrs. Reeser was formerly Miss S. Jean March.

The parish of Paradise Catholic Church will assist the parish of Conewago Chapel in taking charge Thursday evening, July 19, in presenting the annual carnival for the benefit of the athletic department.

of Delone Catholic High School, McSherrystown. As was done last year, each of the parishes sending students to the high school will take charge of one evening's entertainment at the carnival. Members are asked to donate materials for the refreshment booths, in particular homemade cakes and candies.

Local men and women between the ages of 23 and 63 and in good health will be given an opportunity in June to try for the permanent position of East Berlin postmaster. For the interval, Richard M. Smyers is acting postmaster, and may be permanently appointed, but the definite appointment must be made as the result of an examination to be given qualified applicants. Anyone desiring further information as to date, place, etc., may secure it from Mr. Smyers.

Children of Paradise Catholic parish born prior to February 1, 1947, may register Sunday, May 25, with the Sisters of St. Joseph as first grade pupils for next September. Parents bringing the children for registration are asked to bring also their baptismal and vaccination certificates if they have them. Other children to be registered are any who wish to transfer to the parochial from other schools for next year.

Mr. and Mrs. Harry A. Helman spent Friday in Newville where they were among those attending funeral rites for Mr. Helman's uncle, David Stump, who died May 13 at the Carlisle Hospital.

Mr. and Mrs. George Ruth Jr., R. 3, recently entertained her parents and youngest sister, the Rev. and Mrs. Snyder Allemen and Evangeline Allemen, Newville. The Rev. Mr. Allemen formerly served for several years as pastor of the local Lutheran church.

Mrs. Elmer G. Mummert, who submitted to an operation several weeks ago at the Warner Hospital, continues to improve but is not yet able to resume all her former duties.

Merle E. Stitt, a former student at the East Berlin High School and a son of Mrs. Susanna Stitt, New Chester, is now field commander at the new air force base being established at McCall, Idaho. He is acting as an air corps instructor.

Little improvement is reported in the condition of Sr. M. Cordelia, 83, the oldest nun at the Paradise Rectory, who was taken to the Hanover Hospital May 12.

Sylvia Schimmel has returned from the recent trip to Baltimore which she took in company with her sister, Barbara, and their parents, Mr. and Mrs. Julius Schimmel, Hanover.

Representatives of the New Oxford post, Sons of Union Veterans, will attend the 8:30 mass in a body at the Paradise Catholic Church on Sunday after which they will follow their annual custom of decorating graves in the adjoining cemetery in observance of Memorial Day.

If every driver would practice courtesy for a week there would be no accidents.

PHYSICIAN, 88, STILL ACTIVE

PITTSBURGH (P)—Dr. James P. Kerr may be 88 but his nimble fingers are just as surgically sure today as when he first hung out his shingle in 1889.

Then he was fresh out of the University of Maryland Medical School. By 1902 he was so well established in this steel city that he was called upon to help organize St. Joseph's Hospital. Two years ago he and his associates turned the hospital over to the Sisters of St. Joseph.

President for 40 Years
Dr. Kerr resigned as chairman

of the board of directors, but for 40 years was president and now is honorary president and staff surgeon at the 170-bed institution.

A far younger man is hard put to keep up with the energetic doctor. Other surgeons regard him with admiration.

Typical of his outlook on life was his answer when a newspaper asked for an interview: "All right," Dr. Kerr said, "but mind you, I'm not ready to have my obituary written."

Politically Active

A native of nearby Beaver County, Dr. Kerr's life story is intertwined with the history of Pittsburgh. During his medical career, Dr. Kerr kept an active interest in politics.

He is a former city controller and councilman and ran for com-

LOGGING CAMP IS MOVED INTO TROPIC JUNGLE

BREMERTON, Wash. (AP)—A band of ambitious loggers and their families are making a big leap from Pacific Northwest forests to the tropical jungles of Panama.

The Lewis and Son Logging Company, a logging concern at the Kitsap County town of Crosby for more than 30 years, has become the Lewis Logging Company of Panama, Inc. Their axes and saws will henceforth bit into mahogany, rather than Douglas fir and cedar.

Experienced Logger

The man who started the tropical trek is Bill Lewis, a 34-year-old Crosby native, who has been in the logging business 15 years. "It had to come," Lewis said. "This country is about logged out. There isn't enough timber to go around any more. We'll keep our property here and maybe in 25 years we'll come back and log it." (Many Pacific Northwest logging interests would dispute that statement.)

In a gigantic moving effort, Lewis has transferred everything from giant bulldozers, "cherry pickers" (portable hoists), trucks and power saws on ships to the tropics.

In Supervisory Capacity

He is taking many of his loggers with him, although they will work in supervisory capacities only, with Panamanian natives doing the actual work in the woods.

"Going into that territory will be just like it would have been to come into the Puget Sound country a hundred years ago," Lewis said. "Those people know little or nothing about modern logging methods."

200 Natives Working

"Nearly 200 natives are employed now, cutting trails. We are building our own city in the wilderness. We'll have our own airstrip, float base and barracks for the men."

Lewis said he understood the growth of trees in four weeks in Panama is equivalent to a year's growth in the Pacific Northwest. The company's holdings cover in excess of 900 square miles.

Although the Kitsap County men and their families plan to be more or less permanent residents of Panama, they expect to remain American citizens.

(Continued from Page 1)

20 months, will show you her petite sister, Pamela Jane, just over three months, and her mother, Mrs. Hayes, who lives with the children on York St.

A cowboy may greet you in bronco-buster fashion and you will look under the sombrero to discover a four-year-old boy named Johnny Ramos, a first-class sharpshooter. His little brother, "Jimmie," is only eight months old and isn't interested in much of anything yet. They live with their parents, Mr. and Mrs. George Ramos, York St.

Another little girl you may meet is Susan Welschence who likes to go out for a sun tan. She is the daughter of Mr. and Mrs. John A. Welschence, 133 Chambersburg St. You can see Susan on any bright day looking as pretty as Alice in Wonderland in her blue coat and bonnet as blue as her eyes and her face framed with soft, brown ringlets.

Michael Steven Kessler, known as "Mike," may be found among the gala group, dressed in a pastel-colored suit. The blond, blue-eyed little boy is nine months old and is the son of Mr. and Mrs. Donald Kessler, Baltimore St.

On another corner, you may quite unexpectedly come across lovely Elaine Marie "Lanie" George, three-year-old daughter of Mr. and Mrs. William George, of 207 Chambersburg St. She likes to play with dolls. Her brother, David Allen, who is ten months old, is fascinated with toy telephones.

If you run into Thomas Lee "Tommy" Mitchell, he will show you a pink, plastic rabbit, his pet plaything. But Tommy doesn't confine himself to make-believe animals all the time. His mother, Mrs. Theodore Mitchell, says he has a penchant for real dogs. He lives with his parents at 22½ Chambersburg St.

Cherubic Charlie Frasch will appeal to your sense of the esthetic with his petal-like skin and long dark lashes. Not quite a year old,

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

he is the son of Mr. and Mrs. Herman Frasch, 105 E. Broadway. Charlie falls asleep every night with a fuzzy white lamb cuddled in his arms, listening as it softly plays a lullaby.

Doll-like Kim Hughes, immaculate as a rain-washed April morn, will surely steal your heart away with those long, curling lashes. Even though she is only one, the dainty little girl knows that there is music in the air and tries to capture it by experimenting with piano keys. And strangely enough, a child who might have stepped right out of fairyland does not like grass. This is a paradox, for Kim's father, Philip Hughes, of 108 Springs Ave., has an affection for he turf, even when he is looking for that elusive golf ball. Kim lives with her parents on Springs Ave.

You are fortunate, indeed, if you should meet "Jerry" Hartzell, aglow

from head to toe with merry mischief dancing in his velvet-brown eyes. Jerry, who is two, is the son of Mr. and Mrs. Mahlon P. "Jim" Hartzell, E. Lincoln Ave., who likes to see "wheels" on trains... printing presses... typewriters... or anything! He may grow up to be a machinist or an engineer. His diminutive, dainty sister, Mary Ann, with the elfin-like face, is only one, and is addicted to flowers. She ate the lilies on her Easter bonnet! Perhaps she was born with a green thumb.

Of course you can't possibly see all "les enfants" in Gettysburg in one afternoon. There are others, hundreds of them, all sweet, mischievous, adorable and the candle's gleam in a shadowed world.

Take a walk some sun-bright afternoon and meet the little Gettysburgians yourself. They are young, the year is young, and you, too, will grow young again, at least in heart!—MLC.

EGGS LAID BY RADIO-ACTIVE HEN STUDIED

SHREWSBURY, Mass. (AP)—A hen named Hilda is laying radioactive eggs in an experiment that may help cancer victims and the aged.

The big black hen is a "guinea pig" in a study of cholesterol at the Worcester Foundation for Experimental Biology here.

Scientists with Geiger counters check Hilda's eggs to find out more about cholesterol, a fatty substance manufactured in the bodies of humans and animals.

Dr. Ralph I. Dorfman, associate director of the foundation, and Dr. Erwin Schwenk are searching under grants from the American Cancer

Society and the Atomic Energy Commission.

They said the greatest amounts of cholesterol are found in egg yolks. So when they sought a hen they chose Hilda, a cross between a Barred Rock and a Rhode Island Red, and put her on a radioactive diet.

Hilda is fed a radioactive acetate, a solution much like vinegar. After the feeding her eggs are studied to determine the effects on her shells, yolks and egg whites.

Dr. Dorfman said the radioactive carbon is used as a "tracer." The acetic acid induces the production of cholesterol. Because the radioactive material is in the hen's system, the cholesterol is exposed and may be measured with a Geiger counter.

The doctors said this is what happens when Hilda lays an egg:

It is taken to the laboratory and separated into parts. First the shell is placed in a test tube which is set near a Geiger counter.

The counter scratches like radio

static and an indicator points out the radioactive count. Yolk and white are then tested in the same way.

What doctors hope to learn with the aid of radioactive Hilda is what part cholesterol plays in human metabolism.

Linked to Hormones
"We believe it may be behind the

formation of certain hormones in the body," Dr. Schwenk said. "We think too it may have something to do with arteriosclerosis (hardening of the arteries) and the process of aging."

Both doctors hope that long study of cholesterol may lead to a clue to cancer.

New Oxford

NEW OXFORD—Ryno Miller, son of Mr. and Mrs. Johnson Miller, Abbottstown, who has been stationed at Mather Air Force Base, Calif., has been on furlough at his parents' home.

A son was born during the past week to Mr. and Mrs. William Breighner. Mrs. Breighner was formerly Miss Lucretia Orndorff.

The Friendship Circle of the Pines Lutheran Church, New Chester, held a regular meeting Tuesday evening at the home of Mr. and Mrs. Robert Trimmer.

A new type of mail deposit box has been placed at the curb in front of the local post office for the convenience of persons wishing to deposit mail without alighting from their cars. The box is equipped with a "chute" extending well into the reach of auto passengers.

The recently born son of Robert Douglas and Marilyn R. Sheffer

O'Connell, New York City, has been named Douglas George, according to word received by Mrs. O'Connell's parents, the Rev. and Mrs. George E. Sheffer.

The apartment formerly occupied by Mr. and Mrs. Paul J. Smith, who moved to York during April, will be the home of R. C. Mahoney, who came here from Cumberland County.

Today is being marked as Ascension Day in the local Catholic Church, a holiday of obligation with parishioners obliged to attend mass. Masses at the church here were at 5 and 8 a.m., celebrated by the pastor, the Rev. Robert D. Hartnett. Father Hartnett has announced that confessions in preparation for the feast day were held on Wednesday. The three days preceding Ascension Day have been observed, according to ancient custom, as Rogation Days with private prayer for the success of the harvest.

M'GRANERY GETS
OKAY OF SENATE

WASHINGTON (AP)—A 52-18 Senate vote cleared the way for James P. McGrathery to walk into the Justice Department today and take over as the boss.

The Senate on Tuesday confirmed President Truman's nomination of the 56-year-old Philadelphia jurist to succeed J. Howard McGrath as attorney general.

All votes against the appointment were cast by Republicans, but 14 other Republicans joined 38 Democrats in voting for it.

Pennsylvania's two Republican senators, Duff and Martin, were among those voting approval.

McGrathery, a former House

member, has been a federal judge since 1946. During the war he served as the No. 2 official in the Justice Department, as assistant to the attorney general.

Truman sent his nomination to the Senate April 3 in a lightning aftermath to McGrath's resignation after the firing of Newbold Morris by McGrath.

McGrathery told the Senate Judiciary Committee he would expose and prosecute corruption wherever he found it. He also pledged to fire any incompetent, disloyal or dishonest Justice Department employees.

Sen. Ferguson (R-Mich.) and Sen. Watkins (R-Utah), who led the fight against McGrath, said they did not believe his performance would match his promise.
